

International Teachers' Institute

Pastor Reference

The person, who is asking for a reference from you, has applied to participate in a Teachers' Institute for the teachers of English in Ukraine.

The model of institute that we have used among Russian, Kazakh and Ukrainian teachers is to spend two weeks with them, working in small groups and speaking always in English. During Week 1, we introduce many teaching methods that will give the local teachers much practice in Conversational English. During Week 2, we continue in English and introduce more teaching methods by holding a conference with the Theme of "Teaching Strategies for Moral Development". Part of the input is to identify moral principles found in the ancient book, the Bible, as a guide. The open discussions are very helpful in developing English skills.

The purposes of this conference are to invite teachers to model new teaching strategies, to examine a variety of world views, to share seminars of programs developed and practiced by teachers from Western countries, and to introduce one model of curriculum development.

The applicant will be asked to lead a small group of 7-10 teachers. It will be a mix of elementary and secondary teachers and some administrators. He/she must be able to establish warm personal friendships quickly, and work with the teachers in a sensitive and respectful manner. The applicant must be able to relate individually as well as being able to initiate group participation.

The Teachers' Institute will be physically, emotionally and spiritually demanding. People may experience unexpected changes and hours of waiting; we plan as well as we are able, but often there are situations over which we have no control while staying in a foreign culture.

We would appreciate your being very candid with us. We will keep all responses confidential. Kindly return this reference form as soon as possible.

Thank you for your assistance.
